Demo Child

Week of Nov 9 – Nov 13, 2026

10	2	5
lessons	mastered	days of work

A note from Demo's guide

This is a sample report with made-up entries, so guides and families can see how a week looks. Demo had a calm, focused week: they returned to pouring again and again until every bean stayed in the pitcher, and loved setting the snack table for friends. Next week we will keep building letter sounds and start counting with the Number Rods.

Demo's week, day by day

Monday, Nov 9

Dry pouring (grains/beans) Mastered
Poured beans between two pitchers without a spill and wiped the tray unprompted. Demo asked for the liquid pouring next.

Sandpaper Letters Practiced
Traced s, m and a while saying their sounds; remembered all three the next morning.

Tuesday, Nov 10

Pink Tower Mastered
Built the tower largest to smallest twice in a row and carried each cube with two hands.

I Spy / sound games: initial sounds Practiced

Wednesday, Nov 11

Number Rods Introduced
First presentation of rods 1–5. Counted each segment and matched the 3.

Folding cloths Practiced

Thursday, Nov 12

Setting a table; serving; snack routines Practiced
Set four places for snack, one cup and one napkin for each friend.

Color Box 2 (secondary pairs) Introduced

Friday, Nov 13

Metal Insets Practiced
Traced the circle and filled it with careful parallel lines from left to right.

Puzzle maps (world, continents, countries) Introduced
Took the World map apart and named Africa and Asia.

Where Demo is in each area

AREA	INTRODUCED	PRACTICED	MASTERED
PRACTICAL LIFE		Folding cloths, Setting a table; serving; snack routines	Dry pouring (grains/beans)
SENSORIAL	Color Box 2 (secondary pairs)		Pink Tower
LANGUAGE		Sandpaper Letters, I Spy / sound games: initial sounds, Metal Insets	
MATHEMATICS	Number Rods		
CULTURE	Puzzle maps (world, continents, countries)		

Introduced: the lesson was presented. **Practiced**: Demo chooses it and repeats it independently. **Mastered**: does it correctly on their own, or shows a friend.

What Demo can do

Learning habits

- I can carry my work carefully and put it back on the shelf ready for a friend. · Proficient
- I can stay with my work for a long time, even when the room is busy. · Developing

Social & emotional

- I can say hi, please, thank you, you're welcome, and excuse me on my own. · Developing

Math & science

- I can count out loud to 20. · Developing

Movement & body

- I can use tongs, tweezers, and droppers, and pour without spilling. · Proficient
- I can make my snack, serve myself, and clean up. · Developing

Growing next, and how you can help at home

- **I can use my words to solve a problem with a friend, and get help when I need it.**
  Coaching me with words to try, like "I'm using it now. You can have it next."
- **I can hear rhyming words and tell the first sound in a word.**
  Playing I Spy with sounds: "I spy something that starts with /b/."
- **I can say the sounds that letters make.**
  Using letter sounds ("/m/ like moon") when we see letters on signs.

Skills follow the Wonder Lab Success Indicators (Head Start ELOF). Lessons follow the Montessori PreK sequence. Questions? Talk to Demo's guide or the Dean of Parents.
